

Name: Amit Kumar

Contact Information: [91 8969172954, amitraazec53@gmail.com, <https://www.linkedin.com/in/amit-kumar-059984220>]

Objective: To secure a position as a Data Science Engineer in a reputed organization where I can utilize my skills and knowledge to contribute to the growth of the company.

Education:

- Bachelor of Technology in Information Technology Engineering from Muzaffarpur Institute of Technology, 2023
- Data Science Certification from SimpliLearn, 2023

Skills:

- Proficient in programming languages such as Python, SQL and R
- Familiar with data visualization tools such as Tableau
- Knowledge of machine learning algorithms and statistical analysis
- Experience in data cleaning, preprocessing, and feature engineering
- Strong analytical and problem-solving skills

Projects:

- [**CROPS DATA SCIENCE PROJECT**]: Developed a predictive model to forecast sales for a retail company using machine learning algorithms and achieved an accuracy of 90%.
- [**BENGOLURU HOUSE PRICE PREDICTION**]: In the bengoluru_price_prediction application using HTML5, CSS, js, WC2, and data science tools for data cleaning and price prediction using various models from scikit_learn library

Experience:

- Internship at [TCSION], [3 months]: Worked on data analysis and visualization projects, and assisted in the development of predictive models.
- Freelance Data Analyst, [3 months]: Worked with various clients on data analysis, visualization, and machine learning projects.

Certifications:

- [Python], [NPTEL], [2022]
- [NQT qualified], [TCSION], [2023]
- [Data Science with Python], [Simplilearn],[2023]
